

Drop off and Pick Up Line

Drop off and Pick Up Instructions

Upon entering Bridge Valley's parking lot, follow the sign and turn right onto the driveway which circles around the back of the building. This is marked by the gold star on the provide map. Follow the driveway and flow of traffic until you reach the camp entrance.

When it's your turn, pull up to the camp entrance, where the Camp Director will be. This is designated by the black star on the map. For safety purposes, please do not let your camper(s) out of the car until you reach this point!

Pick-up happens in the same fashion as drop off.

Things to Remember:

Doors open at 8:30 AM, no earlier.

The morning drop-off line tends to move more slowly than the pick-up line, so prepare accordingly.

If you come to pick up your camper before 4:30, you may have to ring the bell at the camp entrance to let us know you're there.
